

Bibliography of Local Weather Research

(Archives of Western Region Technical Attachments since 1996 can be found at the Western Region web site at: www.wrh.noaa.gov/index7.shtml.)

Aldrich, John, and Meadows, Myra, 1962: Southland Weather Handbook. Brewster Publications. 51 pp.

Atkin, D.V., and Reynolds, J.A., 1995: Composite Maps of Selected Rainfall Events in San Diego. Western Region Technical Attachment No. 95-06.

Atkin, D. V., and Dandrea, J.A., 1998: Composite Maps of Selected Warm Events in San Diego. Western Region Technical Attachment No. 98-09.

Bailey, Harry P., 1966: Weather of Southern California. University of California Press. 87 pp.

Carpenter, Ford A., 1913: The Climate and Weather of San Diego, California. San Diego Chamber of Commerce.

Evans, T.E., and Halvorson, D.A., 1998: Climate of San Diego, California. NOAA Technical Memorandum, NWS WR-256.

Garza, A.L., and Atkin D. V., 1996: Southern California Severe Thunderstorm Event and a First Look at Precipitation Data From the San Diego-Miramar WSR-88D. Western Region Technical Attachment No. 96-22.

Garza, A.L., 1999: 1985-1998 North Pacific tropical cyclones impacting the southwestern United States and northern Mexico: An updated climatology. NOAA Technical Memorandum, NWS WR-258.

Kurtz, Emil S., 1977, revised by Stitt, Whitlow and Tarczy 2002: Southern California Weather for Small Boaters. NWS publication. 42 pp.

Markell, Jeff, 1997: Coastal Weather Guide for Southern California and Western Mexico. Lighthouse Press. 139 pp.

Martin, G., 1997: Applications of the RUC and Meso-ETA to Forecasting the Catalina Eddy. Preprints of the 7th Conference on Aviation, Range, and Aerospace Meteorology.

Martin, G., 1998: An Outstanding Performance by the ETA-10 for the Southern California Storm of 23 February 1998. Western Region Technical Attachment No. 98-36.

Maxwell, B., and Atkin, D.V., 1998: Chaff in the Vicinity of Thunderstorms in Southern California on 6

June 1997. Western Region Technical Attachment No. 98-04.

Maxwell, B., 2000: Thunderstorms in San Diego and associated easterly wave of 20 July 1998. Western Region Technical Attachment No. 00-02.

Small, I., 1995: Santa Ana Winds and the Fire Outbreak of Fall 1993. NOAA Technical Memorandum NWS WR-230.

Small, I., Atkin, D.V., and Evans, T.E., 1998: Severe Hail Detection Using VIL Density and its Application in the Western States. Western Region Technical Attachment No. 98-37.

Small, I., and Shah, A., 1999: A Case Study of a Wind Event In the Palm Springs Region. Western Region Technical Attachment 99-17.

Small, I., 1999: An Observational Study of Island Effect Bands: Precipitation Producers in Southern California. Western Region Technical Attachment 99-18.

Small, I., 1999: An Observational Study of a California Bight Coastal Convergence Zone Produced by Flow Interaction with Mainland Topography: Precipitation Producer in Southern California. Western Region Technical Attachment 99-19.

Small, I., Mackechnie, T., and Bower, B., 2000: Mesoscale Interactions Triggering Severe Thunderstorms and Flash Flooding in Southwestern California July 1999. Western Regional Technical Attachment 00-01.

Small, I., Martin, G., LaDochy, S., and Brown, J., 2002: Topographic and Synoptic Influences on Cold Season Severe Weather Events in California. Preprints of the 16th Conference on Probability and Statistics, Orlando, FL, Amer. Meteor Soc., 146-153.

Tubbs, A.M., 1972: Summer thunderstorms over Southern California. Monthly Weather Review, 100, 799-807.

Wilson, Harlan L., 1959: Guide to Weather and Climate of San Diego. San Diego City Schools. 145 pp.
